Specialty Appliance Works, Inc. ("Specialty Appliances") is a national digitally-focused orthodontic laboratory, manufacturing a variety of orthodontic appliances, including Herbst appliances, metals and expanders, retainers, indirect bonding and clear aligners, among others. Specialty Appliances manufactures over 100 types of custom appliances and is well-known in the industry through nearly 40 years of operations. Specialty Appliances has a highly diversified, loyal customer base and a stellar reputation among orthodontists.

Five Points Capital, in partnership management, provided equity financing to complete the acquisition of Specialty Appliances.
