BB&T CAPITAL PARTNERS, LLC

**May 2014**

Owner Resource Group has acquired Precision Hydraulic Cylinders (“PHC”), resulting in the liquidation of BB&T Capital Partners, LLC’s equity position.

Founded in 1997 and headquartered in Beulaville, North Carolina, PHC is a leading manufacturer of custom hydraulic cylinders for mobile equipment applications. The Company provides cylinders to an attractive base of original equipment manufacturers for use in material handling, transportation, construction, and aerial work platform applications. PHC offers cylinders and related components manufactured in the Company’s facilities located in the United States, the United Kingdom, and India.

Owner Resource Group (“ORG”) is an Austin, Texas-based private investment firm founded in 2008. ORG makes investments that enable business owners and management teams to pursue their objectives and accelerate the growth of their company in a disciplined manner. ORG’s philosophy is to align its interests with management to support the existing culture of the business and its continued growth.
