Career Step, LLC is a leading provider of online competency-driven education courses to students throughout the United States and in several foreign countries. The Company's core curriculum offerings focus on medical transcription, coding, and billing education and training programs offered to students via a direct online platform, as well as through private label community college courses. Additionally, the Company has created new courses providing competency training for pharmacy technicians and medical administrative assistants. Over the Company's 20-year history, Career Step has developed a robust platform that enables students to consistently obtain successful employment in their desired field upon completion of its programs.
