

FIVE POINTS CAPITAL

RESONETICS

HAS ACQUIRED

MLDC
MLPC Inc. 
Mound Laser & Photonics Center

FUNDS PROVIDED BY
BB&T CAPITAL PARTNERS MEZZANINE FUND II, LP

November 2015

Resonetics, based in Nashua, NH, is a provider of custom laser micromachining systems and outsourced laser micromachining prototyping and manufacturing services, primarily of polymers, for the life sciences and medical devices end markets. Resonetics machines polymers as thick as 1 millimeter and can create features as small as one micron, a fraction of a human hair.

Mound Laser & Photonics Center (MLPC), is a laser manufacturer of metal components primarily for the medical devices industry. The acquisition of MLPC is highly complementary and management believes the combined business will be able to better serve its customers with a broader array of manufacturing technologies and skills.
