Based in Metairie, Louisiana, OutSolve is a leading provider of affirmative action planning and compliance services for federal contractors. The company provides comprehensive affirmative action planning and compliance solutions to help federal contractors meet the full requirements of Executive Order 11246, the Vietnam Era Veteran Readjustment Assistance Act (VEVRAA), and Section 503 of the Rehabilitation Act of 1973, among other regulations. OutSolve provides a wide range of services, including developing comprehensive, OFCCP compliant affirmative action plans, offering OFCCP audit support, and creating EEO-1 reports that comply with the requirements of the U.S. Equal Employment Opportunity Commission (including significant recent regulatory expansions requiring the reporting of compensation data).
