UNITRANCHE DEBT & EQUITY

PROVIDED BY

# FIVE POINTS CAPITAL

Adar Holdings, Inc. (“Adar”) is a provider of outsourced IT-as-a-Service (“ITaaS”) to small and medium-sized businesses. Adar delivers a unique, cloud-based IT environment that includes all infrastructure hardware, software applications, security, support, and managed services in a per-user, per-month package. Adar’s offering is built on the Nerdio private cloud platform for which Adar is the exclusive provider. Adar serves customers across a diverse set of industries in compliance-driven verticals, including financial services and healthcare.

Five Points provided unitranche financing and an equity co-investment to support the investment in Adar by Stone-Goff Partners.
