A PORTFOLIO COMPANY OF

FIVE POINTS CAPITAL

An Affiliate of RCP Advisors

GrammaTech, Inc. ("GrammaTech") has acquired the intellectual property and assets of JuliaSoft S.r.l. ("Julia") to extend its CodeSonar® platform with automated code analysis for Java and C# code. The Julia Static Analyzer will be unified into the CodeSonar® platform to provide Static Application Security Testing (SAST) customers with an integrated solution for reliably detecting security vulnerabilities in their applications. The Julia products will immediately extend CodeSonar's market reach for use cases including code checking, code quality, code security or adhering to coding standards.

GrammaTech is a leading global provider of software testing solutions used by the world's most security conscious organizations to detect, measure, analyze and resolve security and safety vulnerabilities. The company is also a trusted cybersecurity research partner for the defense and intelligence communities.
