

Five Points

CAPITAL

**THE
INDUSTRIAL
SERVICE GROUP**

**DECEMBER
2022**

Five Points Capital is pleased to announce the successful exit of its investment in The Industrial Service Group (“ISG”), in conjunction with its partners PNC Mezzanine Capital, KCM Capital, and ISG management.

The Industrial Service Group is a family of companies providing critical-to-process rotating equipment service, repair and distribution for multiple industries. As industrial plants and facilities continue to age, the outsourcing of repair, replacement and service of critical equipment is expanding. ISG is quickly emerging as the fastest growing industrial service company focused on recurring, outsourced routine MRO services. For more information:
